

## Talking Points for Clients

If you have a hearing loss and you want to communicate more easily with people who are important to you, then we have just the right program for you!

### User Benefits

- cLEAR games are entertaining and engaging, with rich visuals and unique designs that make training fun.
- cLEAR is the only auditory training program that allows you to train your listening skills with the voices of your frequent communication partners (FCPs), which are automatically programmed into the cLEAR games upon recording.
- As long as you have access to a computer with internet capability, you can train wherever you want and whenever you want, which makes cLEAR perfect for busy travelers or frequent vacationers.
- Every cLEAR user receives the support of a local or online hearing healthcare professional, so you'll receive professional support and custom training plans for your aural rehabilitation journey.
- cLEAR automatically tracks your performance on each game, so you can see how you improve on different auditory skills over time.

# How to Sign Up

- To begin using cLEAR, please visit [clearworks4ears.com](https://clearworks4ears.com) and click the "Sign Up/Login" button at the top right of your screen, then select "Create an Account".
- Once your account is created, select the "Find a Hearing Healthcare Professional" button and follow the onscreen instructions to choose the hearing healthcare professional you'd like to work with, and you'll then be directed to a payment page where you can purchase your cLEAR subscription.
- Alternately, your provider may subscribe for you and bundle your subscription with the services they provide.

# How to Use cLEAR

- Once you've subscribed, you're free to play the cLEAR auditory training games, which you can access from your user dashboard.
- Invite your FCPs to record their voices with our easy-to-use recording module, either on their own or with the help of your cLEAR hearing healthcare professional, so that you can train with their voices as you play.
- Work one-on-one with your hearing healthcare professional to create a tailor-made training plan that fits your needs and schedule.
- Track your progress with cLEAR's straightforward progress reports.
